Is 2012 really the end of our world? 290pp, 2001; 6x9 ; Softcvr; #513; \$29.95

Atlantis the Antidiluvian World By Ignatius Donnelly - 1st Published 1882, This book is an attempt to demonstrate several distinct and novel propositions. These are: That there once existed in the Atlantic Ocean, opposite the mouth of the Mediterranean Sea, a large island, which was the remnant of an Atlantic continent, and known to the ancient world as Atlantis. That the description of this island given by Plato is not, as has been long supposed, fable, but veritable history. That Atlantis was the region where man first rose from a state of barbarism to civilization. That it became, in the course of ages, a populous and mighty nation, from whose overflows the shores of the Gulf of Mexico, the Mississippi River, the Amazon, the Pacific coast of South America, the Mediterranean, the west coast of Europe and Africa, the Baltic, the Black Sea, and the Caspian were populated by civilized nations. Softcvr, 550+ pp; 8x 5; #16861; \$14.99

Atlantis: America and The Future by John Frederick Charles Fuller - Based on an article written by the author and published in The National Review. In the turmoil and materialism of the US, he sees the beginning of a new civilization which is likely in grandeur and greatness to exceed anything yet known in the civilizations of the Old World. The Beatles & Vedic Astrology By Dean Dominic de Lucia - Vedic astrology is an ancient system of astrology which was handed down to humanity from the demigod civilization of celestial beings who are described in the Vedic literature, such as the Puranas. The Puranas describe that these celestial beings were not only responsible for generating humanity itself on our planet, but for fostering the human race by means of knowledge. Even though humanity has largely been cut off from its celestial progenitors and well-wishers, the astrological science of the ancient Vedic civilization does remain intact, and the reader can practically see it at work in the following interpretations of the horoscopes of the well-known Beatles. 5x8, Softcvr, 91 pp; \$8.95

Becoming: Handbook for the New Paradigm Vol 3 by Benevolent Energies - A great effort is now focused to influence how the individual and the global awareness perceive the human experience. Common Law, The By Oliver Wendell Holmes, Jr -

The object of this book is to present a general view of the Common Law. To accomplish the task, other tools are needed besides logic. It is something to show that the consistency of a system requires a particular result, but it is not all. The life of the law has not been logic: it has been experience. The felt necessities of the time, the prevalent moral and political theories, intuitions of public policy, avowed or unconscious, even the prejudices which judges share with their fellow-men, have had a good deal more to do than the syllogism in determining the rules by which men should be governed. Historical Reprint - From 1881; Softcvr, 5x8, 329 pp; #16784; \$15.95

Constipation: A New Reading on the Subject by J.

H. Tilden, M.D. - Too much stress cannot be placed on the following truism: To those inclined to constipation, or the diathesis leading to constipation, any depressing influence becomes a cause; hence, to be free from man's worst enemy means, in the first place, to have a rational health knowledge to know that any enervating habit continually practiced leads to disease--and, secondly, to have enough self-control to live the knowledge to be guided by it. Softcvr; 180+ pp; #16844; \$11.95

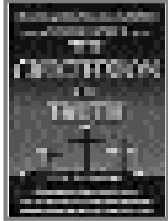

Complete Books of Charles Fort by Charles Fort -

Features four complete works. All concern the bizarre phenomena unexplained by traditional science: flying saucers, telekinesis, sudden showers of fish from the sky, stigmata, poltergeists, and spontaneous combustion (to name a few). Culpeper's Complete Herbal (Abridged/Unabridged) - Nicholas Culpeper (1616-1654) - These books were extremely controversial and played a major role in the ultimate schism that developed between formal medicine and the practice of herbalism. Part of the blame for this lies in the fact that Culpeper was a believer in astrology, which led him to write that the planets governed both diseases and the plants used to treat them. But the controversy Culpeper provoked can also be attributed partly to the self interest and narrow minded dogmatism of the era's medical establishment. Written in 1635; 5x8 inches - 600+ pp; Abridged \$27.95; Unabridged \$35.95

Dine: Origin Myths of the Navaho Indians, The By Aileen O'Bryan - Sandoval, Hastin Tlo'tsi hee (Old Man Buffalo Grass), was the first of the four chiefs of the Navaho People. I had known him for years. In late November 1928, he came to the Mesa Verde National Park, where I was then living, for the purpose of having me record all that he knew about his people. You look at me," he said, "and you see only an ugly old man, but within I am filled with great beauty. I sit as on a mountaintop and I look into the future. I see my people and your people living together. In time to come my people will have forgotten their early way of life unless they learn it from white men's books. So you must write down all that I will tell you; and you must have it made into a book that coming generations may know this truth." Softcvr; 394 pp; #16812; \$14.95

Diplomacy By Deception: An Account of the Treasonous Conduct by the Governments of Britain and the United States by Dr. John Coleman - Treasonous conduct by the British and American governments: The hidden agendas of the UN, the Gulf War, Panama, Yugoslavia, and Israel; also how the Rockefellers literally bought the leftovers of the Nazi SS and created Interpol. The Egyptian Book of the Dead: The Papyrus of Ani - E.A. Wallis Budge - Unquestionably one of the most influential books in all history. Embodying a ritual to be performed for the dead, with detailed instructions for the behavior of the disembodied spirit in the Land of the Gods, it served as the most important repository of religious authority for some three thousand years. Chapters were carved on the pyramids of the ancient 5th Dynasty, texts were written in papyrus, and selections were painted on mummy cases well into the Christian Era. 1967, 377pp, Softbound, 7x9.5, \$12.95

Egyptian Civilization: Its Sumerian Origin by L.A. Waddell - With regard to ancient Egypt, two basic questions have puzzled researchers. Namely, the question of origin of the Egyptian Civilization, and the question of the dates of its Kings and Dynasties. The discovery was made that a great deal in the ancient Indian Epics and Vedas regarding the early Aryans, hitherto considered fabulous is historic. Hebrew Pharaohs of Egypt: The Secret Lineage of the Patriarch Joseph by Ahmed Osman - A startling new theory that brings to life the biblical world of Joseph and places it firmly in the lead-up to Ancient Egypt's most controversial period of history. - Andrew Collins. .. single-handedly moves the goal post of biblical scholarship. He successfully narrows the search for the historical Hebrew patriarchs by giving us a novel and persuasive case for a secret lineage of the patriarch Joseph. This is a must read for all alternative history buffs and scholars alike. - Rand Flem-Ath. 166pp, 1987; 6x9; Softcvr; #703; \$16.00

Hidden Government by Col. J. Scott Creagh - A look at the Hidden Hand guided by the Protocols & its effects concerning Zionism, anti-Semitism, Palestine, money and exports, the Press, Communism and Christianity. The contention of this book is that the amazing things bewildering and shattering the world today, are not haphazard or the result of coincidence, but are the outcome of a Master Plan of human, or, as some may think, inhuman, agency.. 77pp, 5.5x8.5; Softcvr; #307; \$4.95

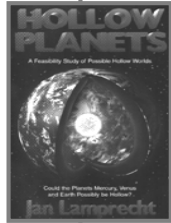

Hidden History of the Human Race by Michael Cremo & Richard L. Thompson - See: Forbidden Archeology explanation. Evolutionary prejudices have acted as a knowledge filter and the filtering, intentional or not, has left us with a radically incomplete set of facts for building our ideas about human origins. Deploying an unexpectedly great number of convincing facts, deeply illuminated with critical analysis, the authors challenge us to rethink our understanding of human origins. 352pp, 1999; 6.5x9; Softcvr; #248; \$15.95

Hidden Messages in Water by Masaru Emoto - Using high-speed photography, crystals formed in frozen water reveal changes when thoughts are directed toward it. Music, visual images, words written on paper, and photographs also have an impact on the crystal structure. Water from clear springs and water exposed to loving words shows brilliant, complex, and colorful snowflake patterns, while polluted water and water exposed to negative thoughts forms incomplete, asymmetrical patterns with dull colors. Emoto believes that since people are 70 percent water, and the Earth is 70 percent water, we can heal our planet and ourselves by consciously expressing love and goodwill.; 192pp, 2004; 4x7.5; Softcvr; #729; \$16.95

The Isaiah Effect: Decoding the Lost Science of Prayer and Prophecy by Gregg Braden - This dazzling, new interpretation of the key prophecy from the Dead Sea Scrolls maintains that the tale of apocalypse and then peace is in fact giving humankind a choice through the lost art of "active prayer". Seventeen hundred years ago, key elements of our ancient heritage were lost, relegated to the esoteric traditions of mystery schools and sacred orders. Among the most empowering of the forgotten elements are references to a science with the power to bring everlasting healing to our bodies and initiate an unprecedented era of peace and cooperation between governments and nations. Braden turns to the Isaiah Scroll, perhaps the most important of the Dead Sea Scrolls discovered in 1946, to offer insight into a powerful form of ancient prayer. Illustrated 2001, 304 p, 5x8", Softcover, \$14.95

It Doesn't Have to Be Like This by David Icke - Out of print, Hidden Mysteries located a limited quantity - The early grassroot movement of the Green Party - before the party became corrupted - leaving it little more than just another political party whose goals have appeared, in recent years, to be self-serving. Living in the Matrix Another Way: Numerology for a New Day by Ellis C. Taylor - The science of numbers, also called numerology is off the ceiling, out of the musty cupboard and catapulted into today. The mysteries of how and why numerology works is explained. How what we recognise as our own private thoughts are perpetually and surreptitiously overlaid to obscure our destiny and who we really are. Why it is that most people who talk and write about the hidden evil that governs our world get away with it. Roman letters and alphabets were introduced by designers engaged by secret schools under the auspices of the Roman Church. Every one of them are occult designs and the most cunning and potent agents of mass mind, and hence social control ever devised. For instance letter a is pictured to represent the flaccid male genitalia in profile; and the real value of letter G is 33. Could this explain its significance to religious and masonic symbolism? The buzzing seemed to make thoughts fall apart just before forming, like sand on a vibrating metal plate, and I felt vaguely angry. On the third or fourth occurrence of this, I noticed that in the wake of the buzzing sound, an unusual number of fights could be heard breaking out all around me. From out on the streets, and from adjoining buildings, and apartments, came the shouts and threats of people overcome with anger.

Satanic Ritual Abuse: Principles of Treatment by Collin Ross, M.D. -The objective reality of Satanic ritual abuse memories is a sociological and law-enforcement question and cannot be answered by clinicians. None the less, clinicians treating this population need guidelines that will encourage grounded, helpful therapeutic interventions, free from the extremes of belief and skepticism. This book endeavours to reduce the unproductive polarization of debate about Satanism; to suggest specific research studies that are required; to correct key conceptual errors in the field; and to describe the clinical reality of Satanic ritual abuse cases.; 228pp, 1995; 6x9 ; Softcvr; #389; \$17.95

Saurian Saga, The by Thomas Dodd and Mary Peterson - In ancient times, when the world was still very new, not long after the earth had cooled; the violence of global upheavals had eased. The world was full of all manner of life and the existence of mankind became known by other beings inhabiting the world. But man was still new to the world and his influence weak. In this distant time, there were other more awesome beings and creatures that had long struggled for evolution throughout those early ages. Down in the deep shadows of what is now called Africa, a fantastic adventure came to pass. In that faraway time and place, in the very beginnings of what we now call history, a great conflict arose between two mighty creatures. These creatures emerged from the very recesses of time. Once living as brothers, their existence had deteriorated into a contest for superiority and ultimate power. Great and sometimes foolish powers are well known today, but these ancient enemies did not use bullets or bombs like we have in this time. Softbound, 5x8, 200+ pp; #16930; \$9.99

Say NO! to the New World Order by Gary Allen - Since the end of World War II, forty-three nations, representing nearly one-third the earth's surface, have fallen to Communism. In every single instance, the U.S. State Department was a willing and knowing accomplice to the betrayal. Why? As you will learn in this book, it was planned that way, as a part of an elitist scheme to create a New World Order.; 268pp, Softcvr; #344; \$7.95

Science and Religion by Dr. Kasem Khaleel - This new work, by an acclaimed author of 14 books in various fields dealing with science and Islam, puts across a strong argument that the sciences are divine in origin, and not secular. He argues successfully that humans are a unique species unrelated to evolution, and that the enormous universe operates by a specific plan, and never by chance. Discover the existence of a force, which controls all. Discover how divine texts contain irrefutable scientific facts. 268pp, 2004; 5.5x8.5 ; Softcvr; #657; \$14.95

Science of Money, The by Alexander Del Mar - This excellent book has been out of print now for quite some time. It is with pride that TGS Publishing is able to scan the original book and make it available to the public once again. As with all of Alexander Del Mar's book, the content is an excellent exposé of what money is supposed to be, from a period in time before our modern concepts have polluted the monetary systems that were once based on real value. Alexander Del Mar was born in the city of New York, August 9, 1836. After graduating at a Polytechnic, he was educated as a Civil and Mining Engineer. In 1857 he formed the design of writing a history of the Precious Metals. This led to the study of Money. Softcvr, 5 x 8, 250+ pp; #16934; \$18.99

It is not love that can fight such evil power but only a form of equally masterful power ranged on the side of holiness. And this is not only true of a fallen world but of the whole structure of cosmic consciousness. To win the spiritual battle on the side of right, the devotees of spiritual love must be ready to accept power so that they may perfect the world as they perfect themselves...
